Scheme of Delegation

The Scheme of Delegation sets out the delegation by the Trustees under Article 105 of the Articles of Association. The Scheme defines the lines of responsibility, accountability and key decision making in respect of the governance and management of the Trust and its Academies.

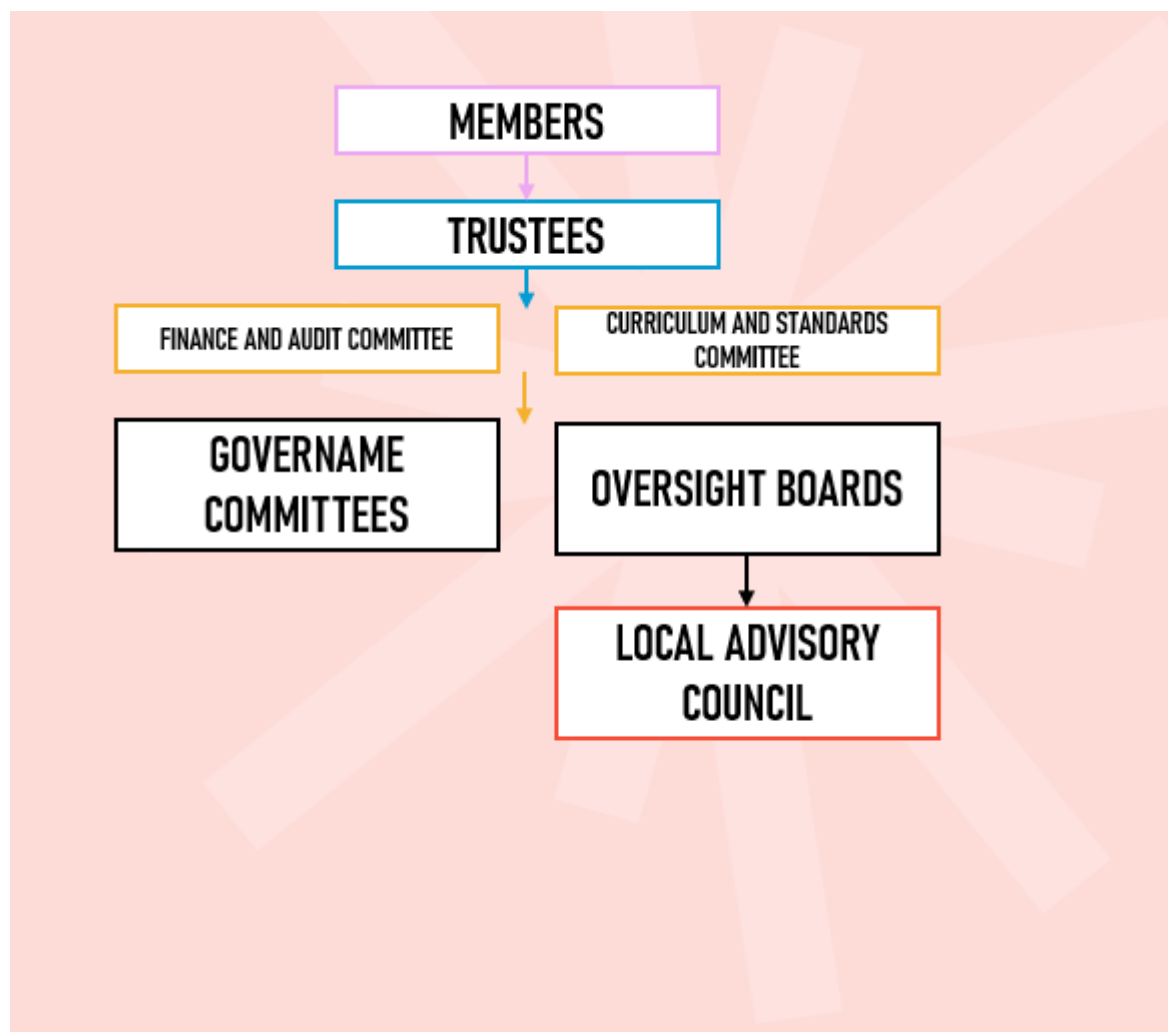

The Scheme clearly sets out the roles and responsibilities across all layers of governance and should be read in conjunction with the Trust's Articles of Association, which form the constitution of the Trust and take precedence over this Scheme in the event of any dispute.

The Scheme of Delegation will be reviewed on an annual basis by the Trust Board, or more frequently if required. In the event that any material changes are proposed to this Scheme of Delegation, the Board of Trustees will have regard to any representations of the Local Governance Committees. However, this Scheme of Delegation may only be altered or revoked by the Board of Trustees.

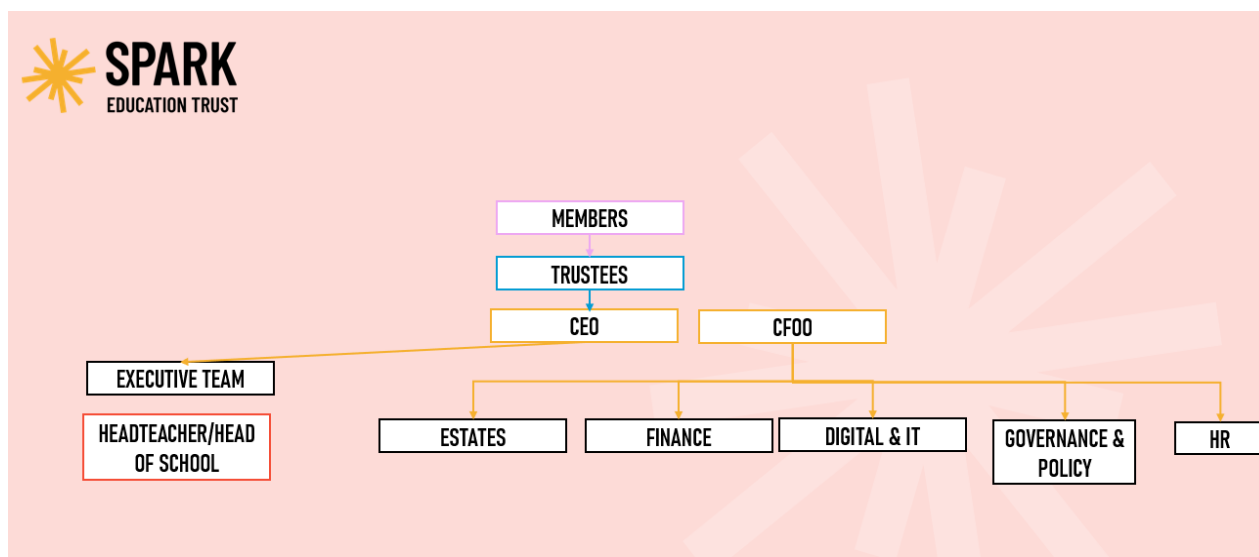

The Board of Trustees delegates responsibility for the performance of the Trust, including the performance of the Academies within the Trust, to the Chief Executive Officer (CEO), who is accountable to the Board for

the overall performance of the Trust and will report to Trustees on its performance and the performance of the Academies within it.

Governance & Accountability Structure

Spark Education Trust Structure

Layers of Governance: Key Roles & Responsibilities

The Trust is a company limited by guarantee and in accordance with the Academies Act 2010 is an exempt charity.

The Trust's three core layers of governance are Members, Trustees and Local Governance Committees. Some trust schools use the term Local Governing Board and others Local Governing Committee/Council. Trust schools are free to use either term, for the purposes of this document Local Governance Committee encompasses both.

We have set out below an overview of the key roles and responsibilities across the different layers of governance.

Members

The Members are akin to the shareholders of a company and are often referred to as the 'gatekeepers'. However, unlike shareholders of a company, Members cannot take money or assets from the company. The Members are the 'conscience' of the Trust, with the remit to ensure the Trust is effectively delivering on its charitable object.

The Members have ultimate control over the Trust, with the ability to appoint and remove Trustees and the right to amend the Trust's Articles of Association (a document that sets out the powers of the Trust, Members and Trustees). The Articles of Association describe how Members are recruited and replaced and how many Trustees can be appointed to the Trust Board by the Members.

The Trust Board submits an annual report to the Members on the performance of the Trust.

Trustees

The Trustees are the charity Trustees (within the terms of section 177(1) of the Charities Act 2011) and are responsible for the general control and management of the administration of the Trust in accordance with the provisions set out in the Memorandum, Articles of Association and this Scheme of Delegation.

The Trust Board is the accountable body for the performance of all Academies within the Trust and, as such, must:

- Ensure clarity of vision, ethos and strategic direction;
- Evaluate and provide strategic challenge in all areas for the purposes of achieving the charitable objective;
- Hold the CEO to account for the educational performance of the Academies and their pupils, and the performance management of staff;
- Oversee the financial performance of the Trust, ensuring financial probity and value for money; and
- Hold the LGC to account for the effective Governance at the level 'knowing and understanding the school' as outlined in this Scheme of Delegation and in line with the Code of Conduct.

As mentioned above, the Trust is a company limited by guarantee and an exempt charity. Therefore, Trustees must comply with company, education and charity law requirements. This results in the terms 'Trustees' and 'Directors' being used interchangeably. However, the Articles of Association refer to 'Trustees'. The use of the term Trustee also distinguishes these individuals from those who are Executive Officers with the job title of Director but who are not actually Companies House registered Directors.

While Trustees can serve as Members, best practice recognises that the Members are responsible for holding the Trustees to account. Therefore, there should be separation between the Members and Trustees.

The Trustees may establish committees either with delegated authority to make decisions, or for the purpose of providing advice and support informing the overall work of the Trust Board. However, these committees are not legally responsible or accountable for statutory functions – the Trust Board retains overall accountability and responsibility. The responsibilities of board committees are set out in their terms of reference and the responsibilities for school local governance committees are set out in the relevant section of this scheme of delegation. The Trust Board may appoint to the governance committees.

The Trust Board is permitted to exercise all the powers of the Trust. The Trust Board will delegate to the CEO responsibility for the day-to-day operations of the Trust.

The Trustees (with the consent of the Members where changes to the Trust Board are at issue) have the right to review and adapt the Trust's governance structure at any time, which includes revoking delegation.

Payment of Trustees

Very importantly, because the Trust is a company and an exempt charity, Trustees are bound to comply with charity and company law as well as the requirements of the Academy Handbook. Charity law expects individuals and organisations to become involved with a charity purely for altruistic purposes. The law does not envisage, or normally allow, for a profit to be made by a Trustee or a Member simply for acting in accordance with the role that he or she has taken on.

The Trust's Articles of Association set out specific provisions relating to payment of Trustees. In short, there are three circumstances in which Trustees may be paid by the Trust:

Reimbursement of reasonable expenses properly incurred when acting on behalf of the Trust. Please note that this is at the discretion of the Trust Board. Permission should be sought in advance of incurring any expenses and receipts must be provided. Only reasonable expenses can be reimbursed and any expenses incurred may be subject to scrutiny by the Department for Education (Dfe).

Payment for services provided outside the role of a Trustee This is subject to very strict rules and legal advice must be sought when considering payment of this kind.

Payment of salary to staff Trustees or Executive Leaders in their capacities as employees and not as Trustees.

In summary, payment of Trustees must be considered carefully and properly documented, considering the Articles of Association and the Academy Financial Handbook. This Scheme of Delegation only sets out a very brief summary of the issues surrounding payment of Trustees and is not intended to be a substitute for detailed advice on this subject.

Trustees' Conflict of Interests

A conflict of interests is any situation in which a Trustee's personal interests (or those of a person or body connected to him or her), influence or appear to influence or affect that individual's decision making.

As Trustees of an exempt charity, the Trustees have two sets of similar duties to avoid conflicts of interest. The first duty derives from the charity law duty imposed on Trustees by virtue of their positions as charity law Trustees. The second duty arises from company law and is imposed on Trustees by virtue of their position as Directors under company law.

Essentially, the Trustees have a legal obligation to act in the best interests of the Trust and in accordance with the Trust's Articles of Association, and to avoid situations in which there is an actual conflict of interests or where it is reasonably perceivable that an actual conflict could emerge.

Local Governance Committees

Local Governance Committees are subcommittees of the Trust. Careful consideration of the composition of Local Governance Committees is undertaken with regards to skillset, and to ensure that the number of Governors who are paid employees of the Trust does not exceed one third of the total. In light of this, due consideration should be given when a Governor changes status to become an employee of the Trust.

Pay & Appraisal Committee

The Committee determine and agree with the Trust Board the framework for the remuneration of the Trust's CEO and such other members of the Executive management of the Trust as it is designated to consider.

The Trust Board retains responsibility for setting and approving Executive pay. The Committee reviews evidence, ensures transparency, and records the rationale for decisions. Executive Leaders provide information but are excluded from decisions about their own pay. The Board reviews the pay and appraisals for Trust employees through the annual appraisal cycle.

Trust Board Meetings

The Trust Board meets eleven times per academic year (September to July of the relevant year). The first meeting and subsequent alternate meetings are deemed Full Trust Board meetings. The second meeting of the academic year and subsequent alternate meetings are deemed Trust Committee meetings, comprising of the Trust Audit and Finance Committee and the Trust Curriculum and Standards Committee. Subject to the consent of the Trust Board, external advisors, LGC representatives, Executive Leaders, staff and parent representatives may also attend any committee meetings to make recommendations to the Trust Board. These additional attendees shall not have voting rights at committee meetings.

- Does not provide the Trust with a criminal records certificate at an enhanced disclosure level. In the event the certificate discloses information which in the opinion of the Chair or Headteacher/Head of School confirms the person's unsuitability to work with children, that person shall be disqualified.

The removal and disqualification of Trustees is set out in the Trust's Articles of Association.

School Oversight Boards

The Trust is ultimately responsible for all aspects of the provision of education in accordance with its legal obligations. The Trust desires to delegate many areas of decision making to individual schools but reserves the right to change the level of authority delegated in order to fulfil its legal obligations.

For Academies Ofsted rated level 1 (Outstanding) and level 2 (Good) the Board of Trustees delegates high levels of autonomy to the LGC as set out in section 10 (Table of Responsibilities).

Where the Board of Trustees has concerns with regards to quality of education, behaviour, safeguarding, overall strategic governance or otherwise, it may implement an Oversight Board to address those concerns. Potential indicators of a school's underperformance may include but are not limited to:

- Weaknesses in published assessment information, external reports, parent view, parental complaints or critical incidents.
- Ofsted rate the school as a level 3 (Requires Improvement) or 4 (Inadequate).
- The school is predicted to have or has an in-year material deficit budget except where any such deficit is planned and has been approved in advance by the Board of Trustees.
- An event occurs at or in relation to the school which is significantly damaging to the reputation of the Trust.
- The School Committee does not act in a way which would be considered appropriate behaviour for an Academy Committee; or
- Any event analogous to the above events occurs at or in relation to the Academy.

The Board of Trustees may alter or revoke the authority delegated to the LGC until such time as the Board is satisfied that the event that has occurred has been rectified or ceases to cause concern. When making such decisions, the Board of Trustees shall have regard to any representations made by the LGC.

Where powers are withheld from a Local Governance Committee, the Trust will exercise those powers through a School Oversight Board. Membership will comprise Trustees, the CEO, the Headteacher/Head of School, other Trust Officers as required and the Chair and Vice Chair of the LGC. Only Trustees may vote in the event of a formal decision. The school Local Governance Committee will continue to operate in an advisory capacity as an Advisory Council.

The Board of Trustees will regularly review the requirement for an Oversight Board, taking into account the areas for improvement specific to the school.

Specific criteria regarding the disbandment of an Oversight Board will be confirmed with the Chair and Headteacher/Head of School of the relevant school at the time of Oversight Board implementation.

School Advisory Councils

The Trust Board will establish a School Advisory Council and will appoint the chair, where delegation has been withheld from a school, under the principles of earned autonomy or mixed delegation. A minimum of two Parent Governors will be elected to the Council and other Governors appointed as required, including staff representative(s).

Those serving on the Council will be called Governors. The Council may:

- Seek to understand how the school is led and managed: the Headteacher/Head of School will report termly on how the school is fulfilling the trust's ethos, vision and strategy.
- Act as the panel when reviewing the Head's decisions on exclusions, and parental complaints.
- Be the consultative body for the school's stakeholders.
- Represent the school's stakeholders.
- Forge links with the community.
- Act as an ambassador for the school.
- Seek to build up the capacity of the School Advisory Council, with the intent of being able to demonstrate to the Trust that reverting to a Local Governance Committee is practical, and that there is no longer a need for an Oversight Board.

It is the intent of the Trust to seek to build up capacity and address any issues within an individual school that is operating under an Advisory School Council, to enable that school to disband the Oversight Board and move to a Local Governance Committee with delegated powers.
